CakeZone is a free HTML5 template for any bakery-cream-café business website. This **customizable** template is ideal for showcasing your menu, products, services and taking your business to the next level. With a **sticky** and **mobile-friendly navigation bar**, this free web page template with HTML5 increases the user experience. The Bootstrap 5 template got a flexible layout to customize the website as needed.

Free Responsive Bootstrap 5 HTML5 Cake Shop Website Template

CakeZone HTML5 template is designed with the latest web technologies. **Bootstrap 5** ensures CSS compatibility fixes for this template, making it **fully responsive** to all web browsers. The inclusive grid system of the framework allows it to fit any screen size. Also, the HTML5 mark-up language gives a developer complete control over the template's color scheme. The HTML5 CSS3 template provides audio and video support with inclusive modal for you. It will give you a **better user experience** with optimized page speed. CakeZone can be your very first bakery website undoubtedly.
